I understand management will attempt to meet my preferences although there is no guarantee I will get a particular apartment style or size. There is no guarantee of location, gas or electric unit (including appliances), or level of wear and tear (including carpet). Apartments will be assigned or selected by management depending on availability, move-in date and order deposit received. I understand that if management is unable to meet the preferences I have selected, they will contact me regarding other apartments available for me to choose from. I understand that, at managements option, apartment assignments will not be made more than (2) weeks prior to the move in date listed above. Once an apartment has been selected or assigned, the lease will be prepared and must be signed by all parties. If the lease is not signed, the security deposit will be deemed forfeited as per the rental application, and the apartment will be assigned to someone else.
